RIJEČI DOBRODOŠLICE

Poštovane kolegice i kolege,

Sa velikim zadovoljstvom vas pozivamo na III Kongres psihijatara Bosne i Hercegovine koji će biti održan u Tuzli 12. -15. oktobra/listopada 2012. godine. Ovo će biti dobra prilika da psihijatri i drugi stručnjaci iz oblasti mentalnog zdravlja, psihijatrije, neuropsihijatrije i neuroznanosti iz Bosne i Hercegovine, regionala, kao i iz ostalih dijelova Evrope i svijeta, razmijene iskustva i aktuelne informacije iz ove oblasti medicine. Nadamo se da će nam tema kongresa "Psihijatrija između fenomenologije i neuroznanosti" dati mogućnosti da diskutujemo o mnogim temama vezanim za stručne i znanstvene dileme, mjestu i ulozi psihijatrije kako u medicini tako i u društvu uopće, te humanističkom i personaliziranom pristupu osobama koje imaju probleme mentalnog zdravlja, u svjetlu savremenih saznanja o psihičkim poremećajima i poremećajima ponašanja. Cilj Kongresa je da se prezentiraju rezultati najnovijih istraživanja, prikažu najsvježija iskustva iz prakse i otvore novi putevi za integraciju različitih pristupa i terapijskih procedura kako bi Kongres bio podsticaj za nova pregnuća i postignuća u našem svakodnevnom radu za dobrobit pacijenata i društvene zajednice u cijelini.

Tuzla je središte Tuzlanskog kantona, grad soli, kulturni, univerzitetski i ekonomski centar, prepoznatljiv po multinacionalnoj i multikulturalnoj toleranciji, tradicionalno dobar i pažljiv domaćin.

Radujemo se vašem dolasku i ugodnom druženju u Tuzli i iskreno želimo da sa ovog skupa ponesete lijepo uspomene i nova iskustva.

Dobro došli!

Prof. dr. Izet Pajević

Predsjednik

Udruženja/Udruge psihijatara u Bosni i Hercegovini

WELCOME NOTE

Dear Colleagues,

We cordially invite you to attend the Third Congress of Psychiatrists of Bosnia - Herzegovina with international participation which will take place in Tuzla, Bosnia and Herzegovina on October 12th -15th, 2012. The event is intended for psychiatrists and other professionals in the field of mental health, psychiatry, neuropsychiatry and neuroscience from Bosnia and Herzegovina, the countries in the region, Europe and wider, with the aim of exchanging current trends and experiences in this area of medicine. We hope that the Congress theme "Psychiatry between phenomenology and neuroscience" will provide excellent opportunity to discuss various topics related to professional and scientific dilemmas, the position and the role of psychiatry within medicine and society in general, and humanistic and personalized approach to persons with mental health problems, in the light of current knowledge on mental and behavioral disorders.

The Congress aims to provide an overview of the results of the latest psychiatric research and practice, and to open new pathways for the integration of different approaches and treatment procedures. You are all warmly invited and your presence at this gathering presents one step further guaranteeing that this Congress will provide impetus for the new achievements and improvement of our daily work for the benefit of patients and the community at large.

Tuzla is the Centre of the Tuzla Canton. It is a 'City of Salt' but also a cultural, university and economic center, well known for its multinational and multicultural and warm hospitality.

We looking forward to seeing all you in Tuzla and hoping that warm and lively atmosphere will make you leave our town with best memories and new experience.

Welcome!

O TUZLI

Podaci o Tuzli, jednom od najstarijih naselja na tlu Bosne i Hercegovine, potiču još iz davne 950. godine p.n.e. iz vremena vizantijskog cara Porfirogeneta. Preci današnjih žitelja Tuzle dali su naselju ime Soli koje je ušlo u sastav srednjovjekovne bosanske države. Župa Soli se u sastavu srednjovjekovne bosanske države održala sve do 1463. godine kada su je osvojili Turci i grad prozvali Tuzla što na turskom jeziku znači so. Naziv Donja Tuzla Austro-Ugarska vlast mijenja 1910. godine i gradu tada ostaje samo naziv Tuzla. Čak i riječica Jala koja protiče kroz grad, prema lingvistima, svoj naziv duguje grčkoj riječi „jalosu“, što na grčkom znači „so“. Kasnije je ova naseobina nazvana Salines budući da su ovom pokrajinom vladali i Rimljani.

Danas Tuzla pokriva površinu od 303 kvadratna kilometra te je smještena na obroncima planine Majevice u središnjem dijelu sjeveroistočne Bosne

Ovo područje je jedno od najrazvijenijih regiona na Balkanu i predstavlja administrativno, industrijsko, kulturno i obrazovno središte širokog regiona koji je po svojim ukupnim karakteristikama jedno od stubova današnje Bosne i Hercegovine. U gradu živi preko 150.000 stanovnika pripadnika preko dvadeset različitih nacionalnosti.

ABOUT TUZLA

Historical facts about Tuzla, being one of the oldest settlements in the area of Bosnia and Herzegovina, are dated even back to the year 950, the times of the Byzantine emperor Porphyrogenet. The ancestors of the present inhabitants of Tuzla named the settlement Soli and it became an integral part of the medieval Bosnian state. The county of Soli kept its existence within the medieval Bosnian state up to 1463, when it was occupied by the Turks who named this town Tuzla (Turkish word Tuz meaning salt). Also, the name of „Donja Tuzla“ was changed to Tuzla only, by Austro-Hungarian authorities in 1910, and the city kept this name. Even the small river Jala which runs through the city, according to linguists, owes its name to a Greek word „jalos“, meaning „salt“. Later on this settlement used to be named Salines since this county was ruled by Romans as well.

Contemporary Tuzla covers an area of 303 km², settled just underneath the Majevica mountain range in the central part of North-Eastern Bosnia.

This area is one of the most developed regions in the Balkans and it represents an administrative, industrial, cultural and educational focus of the wider region, being one of the pillars of the present Bosnia and Herzegovina by its overall characteristics. The City has over 150.000 inhabitants coming from more than twenty various nationalities.
